### **Secondary School Students' Creative Visual Arts Work**

### **2007-08 Excellent Award**

The Exhibition of Secondary School Students' Creative Visual Arts Work was organised by the arts education section of the Curriculum Development Institute of the Education Bureau. With its 25-year-plus history, the exhibition is widely supported by visual arts teachers and students alike, attracting numerous entries each year, all selected by teachers in class. In an average year, the event draws about 10,000 visitors. The exhibition venue has therefore become a platform for the public presentation of students' creative and artistic achievements, as well as a forum for exchange and dialogue among students, teachers and the public.
