## Arts Ambassadors-in-School Scheme

### The Hong Kong Arts Development Council

The Hong Kong Arts Development Council (ADC) organized the 2nd Arts Ambassadors-in-School Scheme to commend students from local primary, secondary and special schools who have demonstrated excellence in and commitment to the arts. This scheme aimed to provide opportunities for the youngsters with arts talents, promote the importance of arts in nurturing the next generation, and broaden the vision and artistic experiences of the arts ambassadors by encouraging them to take part in different types of art activities.

## Acapella

This year, Tang Cheuk Man Penelope (F.7B) of our school is one of the ambassadors because she is good at singing the Acapella, which is performed by a group of people who only use their voice to sing different parts of songs, like the melody, bass, percussion etc. She is now a member of an Acapella group called 'Posibella', which was founded 4 years ago.

**Acapella @ RTHK**

On 3 July she and a few others were invited to a ceremony by the ADC and RTHK to perform at the Queen Elizabeth Stadium. They sang with the local pop singer Leo Ku at the ceremony.

She was interviewed at an RTHK program called 'Gimme Five' and discussed with 2 DJs about her experience of singing Acapella and it was broadcast on 11 June, 2010. To enjoy it, you may visit the following link:

## Acapella @ Musical Review

Since The ADC launches this scheme to encourage participants to contribute their talents to the community, it is Penelope's role to promote art to her friends and students in school. At our school's Musical Review on 3 July, she invited the F.7 graduates to take part in the F.7 Farewell Show. She divided students into different phonic parts and helped them to practise. Finally they did a great job on stage. To enjoy it, you may visit the following link:
