Jockey Club Ti-I College
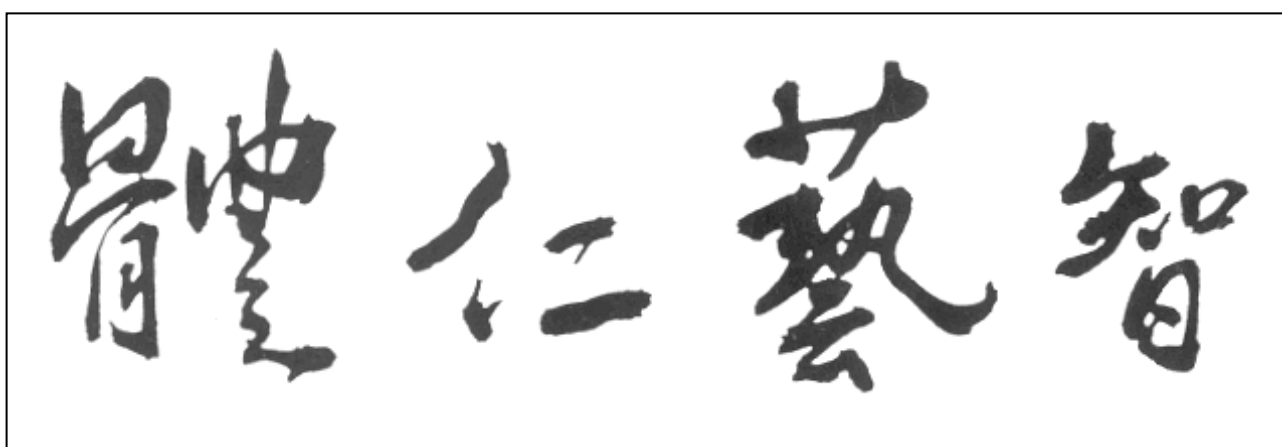

School Development Plan

(2018-2021)

1．School Mission & Motto

The school was founded with the belief that apart from the normal grammar school curriculum, it can also give students a better chance to develop their potential in sports or arts. The school puts equal emphasis on academic achievement and the development of students' talent in sports and visual arts. By the time students leave the school, they will have acquired proficient language skills, have an analytical mind, the ability to think for themselves and a sound knowledge in academic subjects as well as in sports or visual arts.

This School Development Plan seeks to maintain our mission of academics, sports and visual arts and to grow and improve delivery of a quality education in line with the implementation of the NSSC and the changing needs of Hong Kong's community of learners.

Our School Motto: Sports, Humanity, Art & Wisdom
