

“Water Conservation” Adventurous Challenge cum Carnival

On 21st Oct 2017, we were invited to join a public event, “Water Conservation” Adventurous Challenge cum Carnival”, by the Water Supplier Department and the Hong Kong Federation of Youth Groups.

An exhibition booth was held in Plover Cove Reservoir Main Dam in Tai Po. Our Communi-arties members showcased our VA Paper Fashion project. Student presenters shared their learning experiences of creating artworks by recycled materials, promoting the message of environmental protection.
